

## What is a Chocolate Wrap?

### What is a Chocolate Card Wrap?

A Chocolate Card Wrap is a specially designed wrap which is customised to wrap around various slabs of chocolate. As it is a card and wrap all in one, it is wrapped around a chocolate slab closing at the back. Your message is then written in the card and placed in the top of the chocolate. It transforms a slab of chocolate into a Greeting Card with a difference.

A 35g Swiss slab is our preferred chocolate. It is smooth, creamy, delicious and the perfect size.

A 35g Chocolate Card can be posted to Family, Friends, Loved Ones, Customers etc anywhere in the world. It is placed in a specially designed polystyrene box which fits into an envelope of 229mm x 162mm in size.

### Personalised Chocolate Cards:
